

## Winter Semester 2020-21

### Digital Assignment - I

Course	Visual Programming
Code	CSC3004 Slot-B1
Faculty	Prof.D.Sumathi
Date of Submission:	<b>28/2/2021</b>

- 
1. Write a visual basic program to calculate the sum of n numbers. The n numbers are taken through Input Box, and the sum is shown in the MsgBox.
  2. Design and develop a program to find largest among three numbers. Use textbox to read input values and to display the result.
  3. Explain the following control structures by giving syntax and one suitable example.
    - (a) Do-----Loop structures
    - (b) For-----Next.
    - (c) While ---Wend
